

Wyoming BLM Land Use Planning & Projects

June 2007

** Bureau Time Sensitive Plan*

1. **3. Pinedale RMP Revision EIS*** The Pinedale RMP was completed in 1988. It covers 931,000 acres of public surface ownership and 1,185,000 acres of federal mineral estate. Main issues include oil and gas development and big game habitat. **NEPA Status: DEIS** released Feb 16, 2007 with a 90 day comment period; comment period extended through June 18, 2007. **Contact: Kellie Roadifer, Pinedale FO (307-367-5309).** Web site is: www.blm.gov/rmp/wy/pinedale
2. **4. Great Divide (Rawlins) RMP Revision EIS***
The Great Divide (Rawlins) RMP was completed in November 1990. The RMP covers 3.5 million acres of public land surface ownership and 4.5 million acres of federal mineral estate. Specific issues addressed in the RMP include oil and gas development, coal leasing, livestock grazing, and wildlife habitat. **NEPA status: FEIS** in preparation. Federal Register Notice of Availability of Areas of Critical Environmental Concern (ACEC) as described in the DEIS for a 60 day public review and comment period published June 5, 2007. **Contact: John Spehar, Rawlins FO (307-328-4264).** Web site is www.blm.gov/rmp/wy/rawlins
3. **5. Atlantic Rim Natural Gas Development Project EIS**
This EIS addresses a proposal to drill 2000 CBM wells over 20 years including 1800 to coal formations and up to 200 to other oil and natural gas targets. The project area encompasses about 270,000 acres of federal, state, and private lands in southern Carbon County. To gather information for the EIS, several "pods" of exploratory wells have been analyzed under EAs and implemented through EAs. These are: Sun Dog, Blue Sky, Cow Creek, Brown Cow, Doty Mountain and Red Rim pods. **NEPA Status: ROD** issued May 21, 2007. **Contact: David Simons, Rawlins FO (307-328-4328);** Website: www.blm.gov/wy/st/en/info/NEPA/rfodocs/atrimdocs.html
4. **13. Pappy Draw Exploratory CBM Project EA.** EnCana Inc. has acquired the leases formerly held by the Patina Oil & Gas Corp., Denver CO for this project. The original proposal was to drill 5 exploratory coalbed methane (CBM) wells on public lands administered by the BLM, in the Pappy Draw Unit Area, Sweetwater County, WY. The latest proposal from EnCana is to increase the number of exploratory wells from 5 to 20. **NEPA Status: Project Scoping** reinitiated May 23, 2005. **EA** is in preparation. **Contact: Chris Krassin, Lander (307-332-8452).** Web site: www.blm.gov/wy/st/en/info/NEPA/lfodocs/pappydraw.html
5. **17. Kemmerer Resource Management Plan (RMP) Revision**
The Kemmerer Resource Management Plan was completed in 1986 and addressed 1.4 million acres of public land surface ownership and 1.6 million of federal mineral estate. **NEPA Status.** Revision of the RMP initiated by Federal Register publication of **NOI** June 16, 2003. Alternatives have been developed. **DEIS** preparation is in progress. **Contact: Michele Easley, Kemmerer, (307-828-4500).** Web site: www.blm.gov/rmp/kemmerer

6. **18. Casper(Platte River) RMP Revision**

The Casper Resource Management Plan was completed in 1985. The RMP covers 1.4 million acres of public land surface and 4.7 million acres of federal mineral estate. Main issues include energy and mineral development, vegetation and habitat management, land ownership adjustments, access and transportation; and identification of areas with specific management focus. Revision of the RMP initiated through Federal Register publication of a **NOI June 20, 2003**. Public scoping meetings held November 2003 **NEPA Status:** Proposed RMP and **FEIS** released June 8, 2007, starting the 30-day protest period. A 60-day review and comment period on supplemental ACEC information considered in the DEIS also begins on June 8, 2007. **Contact: Linda Slone, Casper Field Office (307-261-7600)** Web site: www.blm.gov/rmp/casper

7. **22. Seminole Road Gas Development Project EIS**

This EIS addresses a proposal to drill and operate 1240 CBM wells over a 30-40 year project life span. The project area encompasses about 127,000 acres of federal, state and private lands in Carbon County. NOI published March 13, 2003. Preliminary issues are: water management, visual impacts and road development. Previously approved (EA/DR) activities include: an 18 well CBM pilot project and a 16" dia. gas transmission pipeline that would serve the proposed project area in 2002. **NEPA status: DEIS** issued November 25, 2005. 60 day public comment period began December 2, 2005. Public meeting held February 26, 2006. Comment period ended March 3, 2006. **FEIS** is preparation. This project has been put on hold by the proponent pending new proposed activities. **Contact: Dave Simons, Rawlins (307-328-4328)**. Web site: www.blm.gov/wy/st/en/info/NEPA/rfodocs/seminoeroad.html

8. **38. Hanna Draw CBNG Pilot Project EA and Development EIS:** The Rawlins Field Office has received a proposal from Anadarko E & P Company LP to initiate a pilot project to determine feasibility & appropriate technologies for developing CBNG resources in the Hanna Draw area. The pilot project proposes to drill 16 wells. Anadarko would then make a decision as to whether to pursue the development of a 220 well development. **NEPA Status:** scoping initiated in April 2004; May 2006 Anadarko submitted major change to development. **EA** available for public review comment through Feb 28, 2007. **FONSI/DR** issued April 2, 2007. **Contact Travis Bargsten, Rawlins, (307- 328-4387)**. Web site: www.blm.gov/wy/st/en/info/NEPA/rfodocs/hannadraw2.html

9. **47. Buffalo Oil and Gas Leasing EA and possible Buffalo RMP Amendment.**

In response to rulings made by the IBLA and the US Tenth Circuit Court of Appeals, the BLM proposes to examine land use allocations for oil and gas leasing made and in the context of new information regarding CBNG (coal bed natural gas). **NEPA Status:** NOI to prepare an EA was published in the Federal Register, December 16, 2004. Solicitation for comments and information was completed January 31, 2005. **EA** in progress. **Contact: Paul Beels, Project Manager, (307- 684-1168)**. Web site: www.blm.gov/wy/st/en/info/NEPA/bfodocs/rmp-og.html

10. **48. Buffalo Oil and Gas Leasing EA (retrospective).** In response to rulings made by the IBLA and the US Tenth Circuit Court of Appeals, the BLM proposes to examine particular environmental effects of oil and gas lease issuance decisions made since February 2000. **NEPA Status:** NOI to prepare an EA was published in the Federal Register, December 16, 2004. Solicitation for comments and information was completed

and information was completed January 31, 2005. **EA/FONSI/DR** issued August 22, 2005. **Contact: Paul Beels, Project Manager, (307- 684-1168).** Web site: www.blm.gov/wy/st/en/info/NEPA/bfodocs/og-leasing.html

11. **50. Westside Irrigation District Land Conveyance Project EIS.** Under the provisions of Public Law 106-485 the Secretary of the Department of the Interior has been directed to convey all right, title and interest (excluding the mineral interest) in a parcel of public land to the Westside Irrigation District. The parcel of land to be conveyed is approximately 16,500 acres and is located in Big Horn and Washakie Counties, Wyoming approximately 5 miles northwest of Worland, WY. **NEPA Status: DEIS** in preparation. Release of **DEIS** anticipated for mid-2007. **Contact: Don Ogaard, Project Manager, (307- 347-5160).** Web site: www.blm.gov/wy/st/en/info/NEPA/wfodocs/westside.html
12. **51. Maysdorf Tract Coal LBA EIS.** The BLM has received a coal lease application from the Cordero Mining Company for a maintenance tract of coal adjacent to the company's Cordero Rojo Mine in Campbell County, WY. As currently filed the application includes approximately 230.3 million tons of Federal coal in place underlying surface lands that are a mix of public land and private ownership. The tract surface area is approximately 2,219 acres, of which approximately 132 acres are in Federal ownership. **NEPA Status: NOI** published February 1, 2005. **DEIS** issued May 26, 2006; 60 day comment period ended in July 25, 2006. **FEIS** issued April 13, 2007, 30-day review period ended May 14, 2007. **Contact: Nancy Doelger, Project Manager, (307- 261-7600).** Web site: www.blm.gov/wy/st/en/info/NEPA/cfodocs/maysdorf.html
13. **52. Eagle Butte Coal LBA EIS.** The BLM received a competitive coal lease application from the Foundation Coal West, Inc. (Foundation) for a maintenance tract of Federal coal adjacent to Foundation's Eagle Butte Mine in Campbell County, WY. As filed the application includes approximately 243.2 million tons of in-place Federal coal. The approximately 1,397 acres of surface estate overlying the Federal coal is privately owned. **NEPA Status: NOI** published in Federal Register April 2005. **DEIS** issued October 20, 2006, 60-day comment period ended December 19, 2006. **FEIS** in preparation. **Contact: Nancy Doelger, Project Manager, (307-261-7600).** Web site: www.blm.gov/wy/st/en/info/NEPA/cfodocs/eaglebutte-westcoal.html
14. **60. Continental Divide - Creston EIS.** (formerly known as Creston Blue Gap II) Devon Energy Corporation representing themselves and other lease holders in the area has submitted a proposal to drill and develop up to 1,250 wells on an estimated 1,000 well pads. The proposal is within the same project area analyzed under the 184,000 acres in the Creston Blue Gap EIS 1994. The project area is a mix of federal, private and some state lands, and is located approximately 40 miles southwest of the city of Rawlins, WY. Operators in the Continental Divide/Wamsutter II area have submitted a proposal to drill and develop natural gas resources. The CD/W2 new proposal is adjacent to the CBG2. Projects have been combined due to proximity, similarity of proposed action, and timing. Project area is approx. 1.1 million acres with an estimated 8,950 wells proposed possibly including 500 CBNG wells. **NEPA Status: NOI** for CD-C was published in Federal Register March 3, 2006. **Contact: Eldon Allison, Project Leader, Rawlins FO (307-328-4291).** Web site: www.blm.gov/wy/st/en/info/NEPA/rfodocs/cd_creston.html

15. **61. Pinedale Anticline Oil & Gas Exploration and Development Supplemental EIS.** In response to requests for the BLM to consider year-round drilling activities in areas previously subject to timing lease stipulations in big game winter range, the BLM has initiated the preparation of a supplemental EIS (SEIS) for the Pinedale Anticline project area (PAPA) FEIS/ROD 2000. The FEIS is being supplemented in response to operators' requests to drill or complete or both natural gas wells in big game winter range. **NEPA Status:** **DEIS** issued December 15, 2006 with 60 day public review and comment period. Supplemental air quality information released for 45 day comment period ended April 16, 2007. **Contact: Matt Anderson, Project Leader, Pinedale FO (307-367-5328).** Web site: www.blm.gov/wy/st/en/info/NEPA/pfodocs/anticline/seis.html
16. **64. Moxa Arch Area Infill Gas Development Project EIS.** The operators in the Moxa Arch gas field have submitted a proposal to infill drill additional natural gas wells that would facilitate gas extraction, maximize the economic recovery of the resource and extend the production life of the field. The operators estimate that approximately 1,860 new gas wells would be drilled within the project area over a 10 year period. The project area under consideration is approximately 476,300 acres of mixed federal, state and private lands in Sweetwater, Uinta and Lincoln Counties. **NEPA Status:** **NOI** published in Federal Register October 7, 2005; scoping meetings held November 2005; comment and response period ended December 2, 2005. **DEIS** in preparation. **Contact: Michele Easley, Kemmerer, (307-828-4524).** Web site: www.blm.gov/wy/st/en/info/NEPA/kfodocs/moxa_arch.html
17. **65. Jones Draw Petroleum, LLC Underground Access Oil Recovery Project EA.** Proposed development of an underground access oil recovery facility in the Fales Creek drainage approximately 50 miles west of Casper in the Rattlesnake Mountains. The project area is 3,875 acres of which an estimated 35 to 40 acres would need to disturb the land surface. **NEPA Status:** Scoping initiated October 1, 2005, comment period ended November 1, 2005. Public meeting held October 18, 2005. **EA** is in preparation. State of Wyoming is a cooperating agency. **Contact: Patricia Karbs, Casper FO (307-261-7612)** Web site: www.blm.gov/wy/st/en/info/NEPA/cfodocs/jones.html
18. **66. Tear 3D Geophysical Project EA.** Fairways Offshore Exploration and Green River Energy Resources filed a notice of intent to conduct geophysical operations in an area that is approximately 24 miles north of Evanston, WY and eight miles northeast of Woodruff Narrows Reservoir. The proposed project encompasses approximately 25.31 square miles. Approximately, 17.11 square miles are federally managed surface. Additional portions of the project proposed State and private land are not subject to BLM authorization and will be authorized separately. **NEPA Status:** scoping for **EA** preparation was initiated February 8, 2006. This project has been put on hold by the proponent. **Contact: James Roberts, Project Leader, Kemmerer FO (307) 828-4506.**
19. **68. Beaver Creek CBNG Pilot Project.** Devon Energy, Inc. proposed a 20 well pilot coalbed natural gas study to be conducted entirely on BLM-administered lands in the northwestern reach of the Beaver Creek Field. The project is located T. 34 N., R. 96 W., Sec. 27, 28, 33 and 34, just south of Riverton, WY and the Wind River Reservation. The project are comprises about 1,760 acres. **NEPA Status:** Scoping initiated June 16, 2006; **EA** in preparation. **Contact: Curtis Bryan, Project Leader, Lander FO (307-332-8415).** Web site: www.blm.gov/wy/st/en/info/NEPA/lfodocs/beavercreek.html

20. **69. Overland Pass Natural Gas Liquids (NGL) Pipeline EIS.** Overland Pass Pipeline LLC (*formerly Williams Field Services Company*) has submitted an application to construct an approximately 750 mile long, 20 inch diameter NGL pipeline originating from existing facilities in Opal, Wyoming and ending at existing NGL processing facilities in Conway, Kansas. Of the 750 miles, approximately 78 miles would not be located near existing pipelines. The proposed pipeline would traverse approximately 143.3 of federally-administered land in Wyoming and Colorado. Approximately 101.7 miles is proposed to be located on lands administered by 3 WY-BLM Field Offices. The proposed location crosses approximately 41.0 miles total of 2 units of the National Forest System: Flaming Gorge National Recreation Area, WY and Pawnee National Grasslands, CO. The USDA Forest Service is a cooperating agency in the development of the EIS. **NEPA Status:** Notice of Intent published in Federal Register March 24, 2006. **DEIS** 45 day public review period ended May 14, 2007. **Contact:** Tom Hurshman, Project Manager, Montrose, CO (970) 240-5345 or Chuck Valentine, Rawlins Field Office (307-328-4200). Web site: www.blm.gov/wy/st/en/info/NEPA/rfodocs/overland_pipeline.html
21. **70. Fortification Creek Plan of Development EAs.** The Buffalo Field Office is preparing EAs for each of seven coalbed natural gas (CBNG) plans of development submitted by six different companies. The proposed CBNG development is within the 100,000 acres Fortification Creek area, a mix of federal, state and private surface ownership. A section of State of Wyoming land is located in a Wilderness Study Area and is leased. the BLM is asking for suggestions as to the best location for a road across BLM-administered lands to allow the leaseholder to develop the gas resources associated with the State lease. An approximate total of 158 wells and associated facilities and roads are proposed. **NEPA Status:** Five of the 7 POD EAs have been prepared and FONS/DR have been issued for each one. **Contact:** Tom Bills, Project Manager, Buffalo Field Office, (307-684-1168). Web site: www.blm.gov/wy/st/en/info/NEPA/bfodocs/fortification_creek.html
22. **72. Hiawatha Field Project EIS.** Questar Exploration & Production Company and Wexpro Company propose to drill exploratory and development wells within existing natural gas fields in southern Sweetwater County, Wyoming and northern Moffat County, Colorado. The project area of approximately 157,335 acres is generally located about 55 miles south of Rock Springs, WY. The proponents propose to drill up to 4,207 new conventional natural gas wells mainly within the boundaries of the existing Hiawatha, Canyon Creek, and Trail units of southwest Wyoming and northwest Colorado. About 66% of the proposed wells would be located in Wyoming with the remainder in Colorado. **NEPA Status:** NOI issued in Sept. 6, 2006 Federal Register. Public meetings held at Little Snake FO - Sept 27, 2006 and Rock Springs FO - Sept 28, 2006. **DEIS** in preparation. **Contact:** Susan Davis, Project Leader, Rock Springs Field Office. (307-352-0346). Web site: <http://www.blm.gov/eis/wy/hiawatha/>
23. **73. West Antelope II Coal LBA EIS.** The BLM received a competitive coal lease application from Antelope Coal Company for a maintenance tract of Federal coal adjacent to the Antelope Mine in Campbell and Converse Counties, WY. As filed the application includes approximately 430 million tons of in-place Federal coal. The approximately 4,109 acres of surface estate overlying the Federal coal is privately owned. **NEPA Status:** NOI published in Federal Register October, 2006. Scoping meeting held November 1, 2006 in Douglas, Wyoming. **DEIS** in preparation. **Contact:** Sarah Bucklin, Project Manager, (307-261-7600).

24. **74. Catalina Unit CBNG Produced Water Disposal EA:** The RFO has received a proposal from Double Eagle Petroleum to construct and operate an EMIT water treatment plant within the Cow Creek Unit/Catalina Unit CBNG development, within the Atlantic Rim Project Area. Produced water from ~12 wells would be treated and discharged under an approved WYPDES permit. The project is located in the Colorado River System, and is subject to the Salinity Control Forum's rules. The discharge would result in approximately 1.3 cfs of treated water being disposed of into ephemeral drainages above Muddy Creek, a watercourse with several sensitive fishes. **NEPA Status:** EA released for 30 day public review and comment on April 25, 2007. **Contact Travis Bargsten, Rawlins, (307- 328-4387).**
25. **75. Hay Reservoir CBNG Pilot Project Infill and Evaporation/Infiltration Ponds:** Pinnacle Gas Resources has submitted a proposal to downsize the previously-approved spacing within the Hay Reservoir CBNG POD to 80-acres. This would result in the approval of 8 additional CBNG wells. Pinnacle has also requested approval of evaporation/infiltration ponds for the disposal of produced water. Primary issues include the disposal of poor quality water (20,000 mg/L TDS) and potential impacts to shallow groundwater and wildlife. **NEPA Status:** EA in preparation, expected release for public review date pending. **Contact Travis Bargsten, Rawlins, (307- 328-4387).** Web site: www.blm.gov/wy/st/en/info/NEPA/rfodocs/hayreservoircbng.html
26. **76. Bear Canyon Exploratory Drilling EA.** Fortuna Oil and Gas L.P. has filed applications for permit to drill four exploratory wells. The proposed wells are located approximately 20 miles northwest of the town of Kemmerer and 12 miles southeast of Cokeville, WY. The proposed project will look at the anticipated impacts associated with drilling up to 12 wells from 4 well pads. The company anticipates that if economic hydrocarbon resources are present that they will produce sour oil. **NEPA Status:** EA in preparation. **Contact: James Roberts, Project Leader, Kemmerer FO (307) 828-4506.** Web site: www.blm.gov/wy/st/en/info/NEPA/kfodocs/bearcanyon.html
27. **77. Oil and Gas Development Project, Heart Mountain War Relocation Center Area EA.** The Cody FO has proposed to prepare an EA level land use plan amendment to evaluate the potential for oil and gas development in the area of the Heart Mountain War Relocation Center (HMWRC); designated as a National Historic Landmark (9/20/06). The HMWRC is located between the cities of Powell and Cody, in Park County, WY. The surface ownership of the project area includes 20,316 acres of private land, and 1,215 acres of land administered by Bureau of Reclamation land. The BLM is the lead agency as 13,451 acres are federal mineral estate, and 8,080 acres non-federal. If and when BLM makes a decision based on this EA, it would only apply to federal mineral estate. Where the decision may affect areas of private surface ownership with underlying federal minerals, those lands would be subject to surface ownership agreements between the landowner and the leaseholder. **NEPA Status:** Scoping initiated; comments and information requested on or before Jan. 12, 2007. **NOI to amend plan in preparation.** **Contact: David Seward, NRS, Cody FO (307) 578-5900.** Web site: www.blm.gov/wy/st/en/info/NEPA/cyfodocs/heart_mountain.html.
28. **78. Lander RMP Revision EIS.** The Lander Resource Management Plan (RMP) was completed in 1987. The RMP covers approximately 2.5 million acres of BLM

administered surface and approximately 2.7 million acres of BLM administered federal mineral estate located in Fremont, Natrona, Sweetwater, Carbon and Hot Springs Counties. Main issues include energy and mineral development, rangeland health, vegetation and habitat management, wild horse and burro management, cultural resources management, lands and realty management and management of recreational uses of the BLM administered surface. Revision of the RMP was initiated by Federal Register publication of a NOI on February 13, 2007. Public Scoping meetings were held during the week of March 19-23, 2007. Proposed DEIS expected to be completed for public review in the fall 2008. **Contact: Carol Anne Murray, Lander Field Office (307-332-8400)** Web site: www.blm.wy.blm.gov/lfo/lfoplan.htm

Cooperating Agency Projects Completed or In Progress

A. Northern Great Plains Plan Revision, Thunder Basin National Grassland

Lead Agency: USDA Forest Service, Medicine Bow-Routt National Forests and Thunder Basin National Grasslands, Laramie, WY. National Grasslands in NE WY, located S. of Gillette, and NE of Casper. Web site: <http://www.fs.fed.us/ngp/>

B. Medicine Bow National Forest Plan Revision, Oil & Gas Leasing

Lead agency: USDA Forest Service, Medicine Bow-Routt National Forests/Thunder Basin National Grasslands, Laramie, WY. National Forest located in S.E. WY. Plan revision includes analysis of oil and gas leasing of National Forest System lands and management of Federal mineral estate, including specified lease stipulations. **FEIS and ROD** issued December 29, 2003. Web site: www.fs.fed.us/r2/mbr/

C. Bridger -Teton National Forest Plan Revision –updated April 2006

Lead agency: USDA Forest Service, Bridger – Teton National Forest, Jackson, WY. National Forest located in N.W. WY. Plan revision includes analysis of oil and gas leasing of National Forest System lands and management of Federal mineral estate, including specified lease stipulations. **NEPA Status:** Plan is being revised under the 2005 Forest Service updated planning regulations therefore it is not subject to the NEPA process. Contact: John Kuzloski, B-TNF, (307-739-5500) Web site: www.fs.fed.us/btnf/oil&gas.htm

D. State-wide Grasshopper/Mormon Cricket Management

Lead agency: USDA- Animal Plant Health Inspection Service (APHIS). A Memorandum of Understanding between APHIS and the BLM-WY was issued on April 23, 2003 regarding management of the agricultural pests, grasshoppers and Mormon crickets. The MOU provides specific guidance, procedures and practices concerning the management of grasshoppers and Mormon cricket populations on public lands administered by the BLM-WY. Contact: Bruce Shambaugh, APHIS, Wyoming Plant Director, (307-772-2323)

E. Wind River Reservation, Wind River Natural Gas Field Development

Lead Agency: Bureau of Indian Affairs, Wind River Agency, Fort Washakie, WY. The BIA has received a proposal by Tom Brown Inc. Sampson Resources and Saba Energy of Texas to drill and develop natural gas wells and associated ancillary facilities. **NEPA Status:** NOA for **FEIS** published in Federal Register December 17, 2004. Record of Decision issued February 8, 2005. Contact: Ray A. Nation, BIA-Wind River Agency, (307) 332-3718)

F. Riverton Dome Coalbed Natural Gas Project.

Lead Agency: Bureau of Indian Affairs, Wind River Agency, Fort Washakie, WY.

The BIA has received a proposal by Devon Energy to drill and develop natural gas wells and associated ancillary facilities. **NEPA Status:** Public Notice was sent out Sept. 26, 2005; a public meeting was held at St. Stephens Elementary School on Oct. 12, 2005; the public comment period closed on Oct. 28, 2005. Public meeting held Oct. 12, 2005. **EIS** preparation in progress. Contact: Ray A. Nation or Charlie Dillahunt, BIA-Wind River Agency, (307) 332-3718.

G. Rockies Express Pipeline EIS

Lead Agency: Federal Regulatory Energy Commission, Washington DC.

BLM is a cooperating agency in the preparation of the Rockies Express West EIS. The FERC project includes an amendment to the existing Rockies Express - Entrega Pipeline BLM right-of-way grant that would add 6-miles of new 24-inch diameter natural gas pipeline known as the Echo Springs lateral and a new compressor station. The EIS also includes the Overthrust Pipeline Company, Wamsutter Expansion Project which is a 77-mile long, 36-inch diameter natural gas pipeline between Green River and Wamsutter, Wyoming. The project also includes two compressor stations. **NEPA Status:** FEIS issued March 22, 2007 .BLM issued **ROD** on Wamsutter Expansion May 11, 2007. **Contact: Tom Hurshman, Project Manager, Montrose, CO (970) 240-5345 or Janelle Wrigley, Rawlins Field Office (307-328-4200).**
